अनमोल वचन **PRECIOUS WORDS**

एक शिक्षक आपके लिए द्वार खोल सकता है लेकिन ये आपका चुनाव है कि आप उस द्वार से प्रवेश करते हैं या नहीं. A Jeachers can open the door but it's your choice whether to walk through or not.

शष्ट्र की सर्वोत्तम निधि शष्ट्र के बच्चे हैं और बच्चों का भविष्य विद्यालय में है, जहाँ पर बच्चा शिक्षित होकर सुसंस्कृत और सभ्य नागरिक बनता है और देश की प्रगति में अपना सहयोग देता है।

Children are the best heritage of the nation. The future of children is lies in the school. Where a child be comes a well behaved and well cultured citizen after getting education and cooperates in the progress of a country.

FROM THE DESK OF PRESIDENT

Ith quality of education becoming the need of society. We fortunately have today in a 'test-contests' correlation for promoting excellence in education. Many new phrases and terms, rarely heard in the past are fast making their presence felt in highly competitive world. Soft skills are two simple words encompassing a much wider field. It basically means those skills which help you to become successful in life. Communication skills, Body language, time management, stress management and confidence building are those soft skills which are the need of the hour. Earlier a student had to just

score well in the exams to secure a position for himself, but now academic excellence needs to be supplemented with right attitude and presentation skills. Education, hence must help to develop the humanity to understand the limitations of our knowledge. It is our responsibility therefore to ensure that our student are equipped with cone values needed to adopt to the changing

Dz. Rakesh Gupta (Pzesident)

FROM THE DESK OF MANAGER

Educational Academy is going to start its new session with great enthusiasm. Our founder, parents and teachers would have noticed that the management of L.K.E.A. has been continuously improving the infrastructure and facilities of the campus and also the quality of highly qualified and experienced faculty members. The academic result of L.K.E.A has been constantly 100% from the very beginning. What more important is that every student's progress is monitored on weekly and monthly basis to ascertain that every child is continuously improving the moment it is found that a particular child is not progressing as per the

expectations, special remedial classes are arranged everyday. We are very happy to say that so far, almost every child has improved his/her performance from the level on which he/she was admitted to the school. We are sure that this is a matter of great satisfaction for the parents too. Our message to the students is to aim high in life and have confidence in yourself, work hard for which there is no substitute to achieve success, develop positivity in your thoughts & actions, have passion, perfection and excellence in all your endeavours love, respect to others & you would automatically earn their love & respect.

"Managez"

FROM THE DESK OF DIRECTOR

Dear Students,

Pleicome to Lord Krishna Educational Academy. We are grateful to you that you would like to join our academy as our family member. we want to give you the real world skills to help you succeed in today's exceedingly competitive and challenging world so that you could change the world. Lord Krishna Educational Academy has been established with a purpose to provide you with high quality of education.

"It is not your aptitude but your attitude that determines your altitude"

OUR MISSION

To nurture the innate potential of our students and mould them into passionate, committed, competent, sensitive, value-based individuals with leadership qualities.

OUR PHILOSOPHY

We believe that a child is a bundle of finest qualities at the subtlest level. To bring out these unmanifested characteristics to their manifestation is a gradual process. Learning becomes more fruitful and permanent when child-centered teaching takes place. Our aim, therefore is to make learning fun-filled, enjoyable and contemporary in today's context keeping in mind our rich Indian values. Education should not be focused on rote learning. but ought to be oriented towards preparing the child with all the skills to face the future with confidence.

Adv. Shashank Gupta (Shanu)
(Dizector)

FROM THE DESK OF PRINCIPAL

Dear Students,

The world faces a clear choice. Education of children will bring a positive change in the world. As we all know Intelligence and Money do not necessarily bring happiness. We need Compassion in addition to intelligence and money to lead a life of physical and mental comfort. Strive to learn to develop compassion for others.

- 1) While academics are necessary sports and extra-curricular activities are also a factor in the overall development of a child.
- 2) Positive emotions such as Liveliness, Spiritedness, Enthusiasm and Eagerness to help others will lead to thoughts and actions that benefits all. Speech or action is always based on motivation, so it is recommendable to ask yourself whether your motivation is positive. Reason is vital to judge good or bad. Don t forget this. If you have reason, you can judge what is good and it helps in controlling the negative emotions.
- 3) Every child is potentially the light of the World, with this believe Lord Krishna Educational Academy creates a better future for all enrolled by maximizing their opportunities through quality education and initiatives for unity and development.

With these words, I wish all the students a successful pursuit of happiness in the years ahead.
